Weight Empty: 24.5 oz / 694.6 g

Purpose: Personal Protection
Professional / Duty

Overview

SKU: 162430

The Smith & Wesson Model 60, the world's first stainless steel revolver, was a success from its introduction in 1965. Praised by both law enforcement and sportsmen, the Model 60 was a stainless steel version of the Chiefs Special®; and began the era of stainless steel handgun production. The Model 60 is the perfect choice for those seeking a small frame, all-steel revolver with greater recoil control and proven performance.

The Smith & Wesson J-Frame has become the most popular small frame personal defense revolver on the market. With decades of reliable performance to its credit, the J-frame line offers models capable of firing .22 LR, .22 Magnum®, .38 S&W Special and the more powerful .357 Magnum® loads.

Smith & Wesson offers these revolvers from our production, M&P, Pro Series, and Classics lines in three diverse hammer designs; internal, exposed and shrouded.
