Crimson Trace Laser Grip For S&W 5900 & 4000 Series Pistols
\$349.95

Overview

SKU: 193690000

This rubber grip by Crimson Trace Lasergrips features a laser aiming system engineered to provide customers with increased aiming capabilities. This laser grip fits all 9mm and .40 caliber full size double-stack S&W 3rd generation auto pistols. The Laser grip features a wraparound rubber over-mold design that affords the shooter easy activation as well as a soft recoil-absorbing feel. Dual activation switches allow for ambidextrous shooting and positive triggering of the laser. Momentary switches are located on both sides of the grip so that the laser activates when you take your normal firing position whether you shoot right-handed or left-handed. The laser grips two lithium batteries delivers a bright continuous beam for maximum visibility and speed. The common inexpensive batteries deliver over four hours of constant run time and five years of shelf life.

IMPORTANT NOTE:

Grips can only be shipped to addresses in the United States.
