S&W M&P Mid-Size Tactical Flashlight
\$89.95

Overview

SKU: 360000548

From the M&P Series of flashlights comes this compact, lightweight, shockproof and water resistant 0.85" barrel diameter flashlight. The Cree® XLamps 160 Lumen LED will provide a brilliant white light with no bulb to replace. The high strength tempered glass lens provides clearer optics along with a precision factory focused beam. The click on/off tactical tail cap features both momentary and constant on and the lockout tail cap prevents accidental illumination. Has a run time of 3 hours of constant lumen brightness with up to an additional 8 hours of diminishing brightness. Includes a pocket clip, nylon holster and 2 CR123 Energizer Lithium batteries. Overall length 5".
