Frame Material: Stainless Steel

Cylinder Material: Stainless Steel

Weight: 56.5 oz. / 1,601.7 cm

Purpose: Handgun Hunting

DisplayGOG: No

Overview

SKU: 151189

In 2003 the gunsmiths and engineers at Smith & Wesson wanted to deliver maximum power for serious handgun hunters. The power they sought required an entirely new frame, the massive "X-Frame™," and was the basis for the new Model S&W500™, the most powerful production revolver in the world. This ushered in the era of the "big gun" and was only the beginning. For ultimate power and velocity there's nothing even close to an X-Frame model handgun.
