Smith & Wesson Handcuffs are fabricated from the finest quality carbon or stainless steel. They are made with heat treated internal lockworks, featuring smooth ratchets for swift cuffing and double locks to prevent tampering. From the original Model 100 series handcuffs to the unmatched durability of our restraint chains and leg irons – Smith & Wesson is a proven worldwide leader in handcuff and restraint production.

Along with the key actuated lock, all of our handcuffs come with a double locking system. The double locking system is actuated by means of a slot lock, push pin lock or the new, patented M&P lever lock – depending on the model.

**New Locking System!**

---

**Model 100 - M&P Lever Lock**

**SKU:** 350122 - Lever Lock, Nickel*
**SKU:** 350150 - Lever Lock, Melonite®

**SKU:** 350163 - Hinge, Pin Lock, Nickel

---

All Smith & Wesson Handcuffs meet the NIJ requirement pertaining to strength.
**WHAT IS MELONITE™?**

Melonite™ is a treatment for improving the surface properties of metal parts. The result is an ultra-durable, matte-black, scratch-resistant finish.

Smith & Wesson now offers a Model 100 handcuff with a Melonite™ finish. Please visit smith-wesson.com to see other Melonite™ products available.

- Locking Positions: 23
- Distance Between Cuffs: 2.00”
- Maximum Overall Length: 8.98”

SKU: 350148 - Slot Lock, Desert & Nickel

An advanced, tough as nails, corrosion protection system. This system, when applied to the critical metal parts, makes the restraint nearly impervious to rust.
The Smith & Wesson Academy® offers a Handcuffing Instructor Course. This course is designed to give the instructor the necessary background to conduct a comprehensive handcuffing program for his or her agency.

Handcuffing techniques are the center-point for many assaults on officers and there is much litigation concerning the use of force.

Please call 1-413-846-6461 for information on this course and the many others offered at the Smith & Wesson Academy®. Courses are offered in Springfield, MA and at many field schools around the world.

Visit smith-wesson.com for more details.
