FOR IMMEDIATE RELEASE

## The Next Evolution in Concealed Carry: S&W® EQUALIZER™

**SPRINGFIELD, MA., (11/08/2022) -** Smith & Wesson Brands, Inc. (NASDAQ Global Select: SWBI), a leader in firearm manufacturing and design, introduces the all-new S&W® EQUALIZER™.

Level the playing field with our best-performing micro-compact to date. Next-gen EZ technology, low recoil impulse, and versatile magazine capacity all in a compact footprint, make the EQUALIZER™ an ultimate CCW. This 9MM offering provides the perfect balance of power and capacity across 10, 13, and 15-round magazines. The

EQUALIZER™ features a single-action trigger that allows for a short take-up, clean break, and fast reset to make follow-up shots quicker. The slide operates using easy-to-rack technology to cater to a wide variety of needs and the frame includes a picatinny-style rail to mount lights or lasers for any defense scenario. A new optic cut pattern allows the user to mount their choice of sight for enhanced accuracy and the 3.675" barrel gives a longer sight radius for increased iron sight precision. The EQUALIZER™ also features a new grip texture and pattern designed to give you more control when firing and more comfort when carrying.

"The EQUALIZER™ is a total package micro-compact pistol. Its multi-purpose design allows for a variety of setup options for use at the range and/or for personal carry, while not compromising on firepower or comfort," said John Myles, Senior Manager of New Products.

**Get the big performance you need in a small, versatile handgun.** Smith & Wesson is proud to introduce the S&W® EQUALIZER™.

MSRP \$599.00.
